

SUMMER CAMP

Mon-Fri the first 4 weeks of June 9am-4pm

OUR PROGRAM North Texas Equestrian Center offers a weekly summer camp where children and teens can learn anywhere from the basics to the more advanced skills of English horseback riding. We are committed to providing a program that prides itself on quality, safety and fun. All campers will be trained in the care of both horses and tack. Every rider will be assessed for their ability level the first day and will receive the appropriate instruction to further their abilities. There is careful supervision to allow for a safe learning environment. Our goal is to improve your riding ability, overall strength, balance and coordination. Ultimately, we want to develop confident riders of superior ability by offering you top rate training from qualified individuals who take yours and your children's goals quite seriously. In the end we hope that you develop a passion that will last a lifetime.

OUR STAFF The only way to have a great camp is with a great staff, and that is exactly what we have. Our staff is carefully chosen with quality and safety in mind.

OUR LESSONS During our summer camps children ride in groups according to their abilities and rate of advancement. Weeks are not cumulative, each week is the same curriculum.

OUR HORSES We pride ourselves on having "real" horses. It is important that your child learn on horses that are healthy. Our school horses are in excellent condition and show ready at all times.

OTHER ACTIVITIES :A long day in the Texas heat can be very exhausting. We plan special activities throughout the day to keep spirits high and to just have fun. We play games and have scavenger hunts. The kids learn about different aspects of horse care and general knowledge every day, and we have special crafts planned every day.

END OF WEEK SHOW Off At the end of every week we invite family and friends to join us for a demonstration ride by each rider in our camps. Don't forget your cameras! After each class/division we have an awards ceremony and say our farewells. Make sure you take your crafts and personal belongings on your way out!

We also have a full service tack shop on-site for pants, boots, helmets, gloves and anything else you might need.

WHAT TO BRING/WEAR

water bottle -sunscreen -sack lunch - riding pants(leggings) -helmet (or borrow ours) -gloves (some kids need them) - come wearing long pants, a t-shirt and boots with a small heal. (rubber soles, not cowboy boots!)
